Copies of the cited items are enclosed for the foreign references and publications. Also enclosed is a copy of an International Search Report from a counterpart PCT application. The Applicant notes that English language equivalents for DE 19641023 and FR 2806918 are provided herewith. Also provided is a copy of the search report from a counterpart PCT application in which DE 29822563, EP 0955021 and FR 2412300 are cited. According to the Manual of Patent Examining Procedure §609.04(a)(III), “[w]here the information listed is not in the English language, but was cited in a search report or other action by a foreign patent office in a counterpart foreign application, the requirement for a concise explanation of relevance can be satisfied by submitting an English-language version of the search report or action which indicates the degree of relevance found by the foreign office. This may be an explanation of which portion of the reference is particularly relevant, to which claims it applies, or merely an "X", "Y", or "A" indication on a search report.” The Applicant submits that the search report from the counterpart PCT application provided herewith serves as “a concise explanation of relevance” of the references cited therein.

This Statement is being submitted after the mailing of an Office Action on the merits but prior to the mailing of a final Action or a Notice of Allowance. Therefore, a fee in the amount of \$180.00 is enclosed for consideration of this Supplemental Information Disclosure Statement. Should any additional fees be required, please charge such fee to Deposit Account No. 12-2424, but not to include any payment of issue fees.

Respectfully submitted,

By:
